Mr. James M. Frey, Chief
International Programs Division
Office of Management and Budget
Washington, D. C. 20503

Dear Jim:

25X9 The Central Intelligence Agency has been operating under
a senior executive pay authorization of [] positions (excluding the two
25X9 Public Law positions) since August of 1964 and an incumbency allowance
of [] supergrade positions since 30 July 1969. The latter allowance
from your office was to provide for Agency requirements through Fiscal
Year 1973. Despite the assumption of a number of new responsibilities
involving the highest national priorities, the Agency has lived within
these limitations to date and intends to do so for at least another fiscal
year (through FY 1974) with one exception.

25X9 The assumption by the Director of new coordination functions
relating to the intelligence community requires an increase of [] executive
25X9 pay positions and an increase of [] supergrades. We plan to absorb
a required increase of [] positions in the Intelligence Community Staff
over its predecessor NIPB Staff within the Agency personnel authorization
[] positions. However, we cannot provide for the increased upper-
level positions for the new staff by a corresponding reduction in existing
supergrade and EP positions already established under the current
authorization.

Thus, CIA proposes to add [] supergrade and [] EP positions to the Director's Staff, additional to the levels noted above. If this meets with any objection from your standpoint, we would appreciate early advice to that effect. We will be happy to provide any additional information you may need on this matter.
